

**Praise Points:**

- We had the official opening and dedication services for the wonderful new Liberty Christian Centre facility in Victoria, Oriental Mindoro.
- 3000 attended the final rally, with many healings and salvations. Our pastors there said it was the greatest day of their lives!
- First ever event for Mindoro, with 60 churches coming together for empowerment. Tim Hall preached and ministered with a mighty anointing from the Holy Spirit.

**Mindoro Phillipines:**

*Lame walked, blind eyes and deaf ears were opened, crippled limbs straightened, arthritis was expelled, broken hearts healed, and thousands responded to the gospel. The youth stayed long into the night, soaking up the mighty presence of the Lord, renewed under a cloud of God's glory...*

*The final night was astonishing, with over 3,000 people in the crowd. A highlight was the over 60 pastors together on the stage being mightily impacted by the power of God... Hundreds were dedicated for the ongoing commission to evangelism. To see one united body of Christ, opening up their expectant hearts and experiencing the might and power of our God as never before, was unforgettable.*

**Vanuatu**

Our work in Vanuatu began in 1987, with the vision of our founders to reach unreached communities and minister in existing churches across the islands. Today, our work primarily involves school education, ongoing community assistance projects, disaster relief, and major public Christian events. All is done openly in Jesus' name, and in partnership with local churches and other community groups, with our eyes set on a brighter future for the people of Vanuatu!

**Prayer Points:**

- God would continue to equip and empower church leaders
- Financial provision for; school staff, new admin building and repairs/ security fence.
- Strength, refreshment, & protection for Steve & Helen so they can continue developing pastors & churches leaders
- School; students would be equipped for life, leadership and ministry. Wisdom, and energy, for teachers.

We are so thankful and praise God for LifeSource church's support for us and our overseas ministries. In 2023, LifeSource very generously supported our Turkey earthquake appeal, and our Carols by Candlelight Gospel event in Port Vila.

As well, every month you have continued to send generous support for our own ministry expenses, and for our wonderful staff in the early childhood school in Mindoro.

## PRAISE POINTS 2023

- We have experienced a special grace over our staff and students, with strong commitments to Jesus, families coming to Christ and committing to Christian Growth classes.
- Two mighty outreaches in Kiribati, saw hundreds saved and baptised in the Holy Spirit. We are seeing a revival spreading through the Islands of Kiribati and further into Nauru, with many new churches planted this year. In 2020 when I first visited, Tarawa had 4 Pentecostal (AoG) Churches, and since our crusade in May there are 14 AoG churches on the Island.
- The Pacific Island nations and the Philippines have been experiencing real moves of God. We praise God for special favour with Presidents and Governors of these nations, who are inviting us to "bring this revival" into their nations.
- Our many ministry trips last year culminated in our incredible Carols by Candlelight in Port Vila, Vanuatu, with over 15,000 in attendance and a powerful salvation experience for all.

## PRAYER POINTS

- Wisdom, provision, protection and anointing for Blakes and their leadership team as they develop local and regional ministry in the Pacific and Philippines.
- Spiritual leaders will move deeper into life and ministry in the Spirit.
- Current move of God will progress and flourish, with gifted local leaders leading the way.
- HOLY SPIRIT will work among the lost, the sick and the needy in these regions.
- Provision for Liberty for the Nations Ministries and new partners

## GOALS FOR 2024

- Evangelism, leadership training, church planting and community programs in the Pacific Islands and Mindoro Island are our primary goals.
- Vanuatu, Kiribati and Nauru are experiencing a touch of Heaven, so we will continue reaching the islands and training emerging leaders to move in the Spirit.
- The island of Mindoro has a strong grass roots move of God. We will open our new Liberty Christian Centre (mother church) in February, and from there we are planning to increase our time in equipping emerging leaders. This is now the largest Evangelical/Pentecostal movement in the Island of 1.5 million people.
